Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s)

I am purely looking to replace two timber casement windows that are beyond repair.
Due to the listing of my property i propose to replace the two existing timber windows like for like, the only difference being the new windows will be double glazed, which has already been done to the rest of the property.
There will be no alteration or change of appearance the new windows i have had designed and attached for reference look exactly the same and are obviously also timber framed.
I have previously submitted planning in 2016 which was approved for a replacement front door and two glazed panels and will be using the same company again, due to their craftsmanship.
