Dear Rhian

Planning ref: 72105/APP/2023/3332

Thank you for the comments from the Highways Department. We have now updated our site plan to show the required 2.4m vision splay. The fencing and hedge have been removed up to the 2.4m.

I trust that this satisfies the requirements and look forward to receive the council's approval. However, if there are any further queries please do let me know.

Yours sincerely

Peter Hodson
