Design Statement

Project: 3m rear Extension, 4m double storey side extension & Front porch

Address: 40 Greystoke Drive, Ruislip, HA4 7YN

Client: Jon Stuart Mitchell

The project site is located in a predominantly residential area and the aim is to respond to the growing family's requirement by utilising some of the side and rear garden space of the existing property in order to give the growing family better circulations and bigger living space inside their home.

Materials:

- 3m Rear extension to have Brick that matches existing
- 4m Side Extension and porch to have; Brick that matches existing on the front wall facing the street and timber cladding on the side and rear walls.

Cladding example:

Below is timber cladding example on the same street as the project site

Cladding example:

The proposed cladding will be of natural cream timber cladding similar to the image below

The aim of the chosen cladding is to respond to the context of the site and complements other timber cladded examples found near the project site.

Kind regards,
Armo Akanesians
