Dear Adam Jessop ( ER Consultant – BER0207) and Pat Sheehan (Appointed Person on behalf of Amery Construction Ltd)

**Bat Earned Recognition Site Registration**

**Site:** Breakspear Road, Ickenham, Uxbridge, UB10 8HB

**Bat ER Site Registration number: ERSR-80038**

Your application to register the above referenced site was received by this office on 09/05/2025.

We confirm that your application has been accepted under the purpose of imperative reasons of overriding public interest. Your application has been received but may require a longer assessment time due to increased applications to process and limited resource in the team.

The estimated deadline for this case is: 02/06/2025

Any chaser emails received before the revised deadline will not be answered as we aim to focus as much time as possible on assessing casework.

We apologise for any inconvenience, please be assured that we are screening incoming applications for urgency on a case-by-case basis. If you have any questions, please do not hesitate to contact us via email at: [earnedrecognition.bat@naturalengland.org.uk](mailto:earnedrecognition.bat@naturalengland.org.uk) or telephone: 02080261089, quoting the reference number shown above.

Where a Habitats Regulations Assessment (HRA) has been submitted or consultation with the Protected Sites Team is required, your site registration request may be delayed by 28 days. If a consultation is required, we will inform you of this as soon as possible.

We request that you do not contact us before the above decision date to check on the progress of your application. Natural England will not respond to chasing emails within the 15 working day decision aim date.

However, if you have a query related to your application we request that you check the Overview guidance document within the Teams page for guidance first. If the guidance does not answer your query, then please quote the reference at the top of this page. Please note that a number of factors can influence the processing time in respect of your application. These include the complexity of the application submitted and the quality of the information provided. If we require additional information requested via a Further Information Request, we may ask you to resubmit a new site registration. This will need to include all of the original information, including the additional information required.

Kind regards,

The Bat ER Project Team
