

Floor plan of the first floor. The plan shows a central hallway with three doors leading to a Bedroom (top left), a Bathroom (top right), and another Bedroom (bottom right). A staircase is located in the center of the hallway. The overall dimensions are 3300 mm wide by 3000 mm deep.

This architectural drawing consists of two main parts. On the left, a plan view of a building is shown, tilted at an angle. A dashed line indicates a boundary or a specific section line. To the right of this plan view is a detailed inset of a staircase, showing the steps, handrails, and the surrounding structural elements. A red line runs vertically through the center of the drawing, separating the plan view from the staircase detail.

The drawing shows a plan view of a building. A red line outlines a large, irregular area. Inside this area, there is a detailed floor plan of a building. The floor plan includes a central staircase with a curved, shell-like design. To the right of the staircase, there is a room with a door. A line is drawn from the door at a 45-degree angle, as indicated by a curved arrow and the text "45°". To the left of the main building, there is a smaller, separate structure with a dashed line extending from it.

A line drawing of a house. The house has a gabled roof. On the right side of the roof, there is a chimney with a brick pattern. The main body of the house is a simple rectangle. In the center of the front wall, there is a door with a small rectangular window. The ground is represented by a dashed line.

A line drawing of a house. The house has a gabled roof. On the right side of the roof, there is a chimney with a brick pattern. Below the chimney, there is a small square structure, possibly a porch or a smaller room. A door is located on the left side of the house. The house is drawn with simple lines and no shading.
