## 5. Description of Your Proposal

What was the original application type?

Full planning permission

For the purpose of calculating fees, which of the following best describes the original application type?

- ☐ Householder development: Development to an existing dwelling-house or development within its curtilage
- ☒ Other: anything not covered by the above category

## 6. Non-Material Amendment(s) Sought

Please describe the non-material amendment(s) you are seeking to make

- Addition of a 1:12 ramp with 1 m width in the front of the property in the west side, where the refuse and bicycle storage were previously located, to provide an accessible route to the main entrance of the building.
- Minor changes in the width of the external stairs leading to the main entrance in order to propose the adjacent ramp. The stairs remain big enough to be practical with 1.6 m width.
- Relocation of the refuse storage to the east of the property, where it will still be accessible from the front entrance.
- Relocation of the bicycle storage to the east of the property next to the refuse storage.
- Removal of the 4 rooflights as there is no proposed loft and there is no need for openings on the roof.
- Removal of the 4 windows on the front facade on the ground floor, where the kitchen is located. These windows are too tall and not practical for the use of the kitchen. The kitchen/living/dining area will receive enough light from the rest of the windows.
- Removal of the 4 windows on the ground floor and 4 windows on the first floor on the south side elevation. These windows are too tall to be practical. The rooms that they facilitate will receive enough light from the windows on the other sides.
- Changes in the layout of the common WC on the ground floor to improve its function.
- No major changes on the soft landscaping. The external amenity space remains the same and there are two types of trees (Cupressus, Prunus Cerasifera) and two types of bushes (Aucuba Japonica, Prunus Laurocerasus) introduced.
