Eligibility

Permitted development rights are subject to conditions set by legislation to ensure that only appropriate proposals are eligible. The need to apply to the Local Planning Authority to see if prior approval is required is one such condition.

The questions below will help determine if the proposals are eligible for this permitted development right.

Please specify the type of roof on which the solar photovoltaic equipment is to be installed:

- ☐ Flat
☒ Pitched

Would any part of the solar photovoltaic equipment protrude more than 0.2 metres beyond the plane of the roof slope (when measured from the perpendicular with the external surface of the roof slope)?

- ☐ Yes
☒ No

Would any part of the solar photovoltaic equipment come within 1 metre of the external edge of the roof?

- ☐ Yes
☒ No

Would the total electrical generation capacity of all the solar photovoltaics installed on the building under permitted development rights (previously and in this proposal) exceed 1 megawatt?

- ☐ Yes
☒ No

Would the solar photovoltaic equipment be installed on roof slope which fronts a highway, of a building:

- in a conservation area;
- in an area of outstanding natural beauty;
- in an area specified by the Secretary of State for the purposes of enhancement and protection of the natural beauty and amenity of the countryside;
- in the Broads;
- in a National Park;
- in a World Heritage Site

Or, be installed on any part of the roof of a building that is:

- a scheduled monument (or the site contains one)
- a listed building (or within the curtilage of a listed building)

☐ Yes

☒ No

Description of Proposed Works

Please describe the proposed development:

The proposed installation has been designed to minimise the visual impact to the surrounding area. The panels are on pitched roof areas and they are unlikely to be seen from ground level. All equipment other than the panels themselves will be installed out of sight. The roof areas will be utilised for the installation of panels with the following proposed system: 395kWp (max 988 panels) north and south facing, flat to roof system with 988 panels 6 degree pitched panels on the north and south facing pitches of the building

Site information

Please note: This question is specific to applications within the Greater London area.

The Mayor can request relevant information about spatial planning in Greater London under [Section 346 of the Greater London Authority Act 1999](#).

[View more information on the collection of this additional data and assistance with providing an accurate response.](#)

Title number(s)

Please add the title number(s) for the existing building(s) on the site. If the site has no title numbers, please enter "Unregistered".

Title Number:

Unregistered

Energy Performance Certificate

Do any of the buildings on the application site have an Energy Performance Certificate (EPC)?

☐ Yes

☒ No

Superseded consents

Please note: This question is specific to applications within the Greater London area.

The Mayor can request relevant information about spatial planning in Greater London under [Section 346 of the Greater London Authority Act 1999](#).
