

The image displays two architectural elevations of a building facade, oriented vertically. The left elevation shows a side profile with a gabled roof and a brick pattern. It features four rectangular windows: two on the upper level and two on the lower level. The right elevation shows a front view with a flat roof and a brick pattern. It features three rectangular windows: two on the upper level and one on the lower level. A red dashed line is visible on the right side of the image.

Proposed Side Elevation
