Eligibility

Permitted development rights are subject to conditions set by legislation to ensure that only appropriate proposals are eligible.

The need to apply to the Local Planning Authority to see if prior approval is required is one such condition.

The questions below will help determine if the proposals are eligible for this permitted development right.

The current building and site

Has the building been vacant for a continuous period of at least 3 months immediately prior to the date of this application?

- ☒ Yes
☐ No

Has the use of the building, for a continuous period of at least 2 years immediately prior to the date of this application, been any of the following:

- For periods prior to 1 September 2020
 - Shops (Use Class A1);
 - Financial and professional services (Use Class A2);
 - Food and drink (Use Class A3)
 - Business (Use Class B1);
 - Medical or health services
 - Non-residential institutions (Use Class D1(a));
 - Crèche, day nursery or day centre
 - Non-residential institutions (Use Class D1(b));
 - Indoor and outdoor sports
 - Assembly and leisure (Use Class D2(e)), other than an indoor swimming pool or skating rink;
- For periods from 1 September 2020
 - Commercial, Business and Service (Use Class E)

- ☒ Yes
☐ No

Does the cumulative floor space of the existing building exceed 1,500 square metres?

- ☐ Yes
☒ No

Is any land covered by, or within the curtilage of, the building:

- in a site of special scientific interest;
- a listed building or land within its curtilage;
- a scheduled monument or land within its curtilage;
- a safety hazard area;
- a military explosives storage area;

Or, is the building:

- in an area of outstanding natural beauty;
- in an area specified by the Secretary of State for the purposes of enhancement and protection of the natural beauty and amenity of the countryside;
- in the Broads;
- in a National Park;
- in a World Heritage Site

☐ Yes

☒ No

The proposed change of use

For applications, submitted before 1 August 2022, proposing a change of use to Dwellinghouses from Offices (Use Class B1(a)/E(g)(i)).

Is/Was there an Article 4 direction in place that has removed these specific permitted development rights?

☐ Yes

☒ No / Not relevant

Will all the proposed new dwellinghouses have gross internal floor areas of at least 37 square metres, and comply with the [nationally described space standard](#)?

☒ Yes

☐ No

Following the development, will every dwellinghouse in the building remain in use within Use Class C3 and for no other purpose, unless that purpose is ancillary to the primary use as a dwellinghouse?

☒ Yes

☐ No

Agricultural tenants

To be eligible for this permitted development right, all parties to any agricultural tenancy agreements that are currently in place need to provide consent.

This is to help ensure that agricultural tenants are not displaced to allow a change of use to be carried out.

Is any part of the land covered by or within the curtilage of the building to be demolished occupied under any agricultural tenancy agreements?

☐ Yes

☒ No

Fire Safety

Where the building (as proposed) exceeds certain limits, legislation has been put in place to ensure the adequate consideration of fire safety by the Local Authority (including its decision to grant prior approval) and other relevant parties.

Would the proposed development result in a building that contains one or more dwellinghouse, and is:

- 18 metres or more in height (as measured from ground level to the highest part of the roof); and/or
- Contains 7 or more stories

☐ Yes

☒ No

Description of Proposed Works, Impacts and Risks

Proposed works

Please describe the proposed development including details of any dwellinghouses and other works proposed

CHANGE OF USE FROM USE CLASS E (OFFICES) TO C3 DWELLINGHOUSE (1 X STUDIO FLAT)

Please provide details on the provision of adequate natural light in all habitable rooms of the dwellinghouses

ADEQUATE NATURAL LIGHT PROVISION

What will be the net increase in dwellinghouses?

1

This figure should be the number of dwellinghouses proposed by the development that is additional to the number of dwellinghouses in the existing building prior to the development.

Impacts and risks

Please provide details of any transport and highways impacts and how these will be mitigated, particularly to ensure safe site access

Taken from the previous officer's report:

The proposed conversion of the application building to one x studio flat is unlikely to measurably affect the overall traffic generation to and from the site or cause undue demand for on-street parking, over and above the existing circumstances. The Highways Officer has raised no objection to the application on transport and highway safety grounds.

The only parking requirement in this case is related to providing a minimum of 1 secure and accessible cycle space per studio unit in order to conform to the Council's adopted cycle parking standard set out in Appendix C Table 1 of the Hillingdon Local Plan: Part Two - Development Management Policies (2020) . Had this application not been recommended for refusal, details of cycle storage provision would have been secured by condition.

Cycle storage provision details will be provided via condition

Please provide details of any contamination risks and how these will be mitigated

Based on the Council's GIS map, the site does not fall within a Potentially Contaminated Land Zone. On this basis, it is considered that the proposal would not pose any unacceptable health risks, in terms of contamination

Please provide details of any flooding risks and how these will be mitigated.

From the previous officer's report:

The site is located in Flood Zone 1 where the risk of flooding from rivers or seas is low. As such, all forms of development, including residential uses, are acceptable in this location, in terms of fluvial flood risk. According to the Council's GIP map, the site does not lie within an area at risk from surface water flooding, nor is it designated within a critical drainage area. The Council's Flood and Water Management Officer has raised no objection to the application, on the grounds of flood risk

A flood risk assessment should accompany the application where the site:

- is in Flood Zones 2 or 3; or
- is in an area with critical drainage problems (such areas will have been notified to the Local Planning Authority by the Environment Agency).

[Check if your site location is in Flood Zone 2 or 3 online](#)

Check with your Local Planning Authority to see if your site is in an area with critical drainage problems.

Please provide details of the impacts of noise from any commercial premises on the intended occupiers of the new dwellinghouses and how these will be mitigated

From the previous officer's report:

A 'Noise Survey and Assessment' report by Philip Acoustics Ltd was submitted with the application. It concludes that the noise levels would not adversely impact on the intended occupiers of the proposed development with regard to noise from commercial premises. The Council does not dispute the conclusion of the 'Noise Survey and Assessment' report.

If the building is located in a conservation area, and the development involves a change of use of the whole or part of the ground floor. Please provide details of the impacts that the change of use will have on the character or sustainability of the conservation area and how these will be mitigated

N/A

If the building is located in an area currently in use for general or heavy industry, waste management, storage and distribution, or a mix of such uses.

Please provide details of the impacts on intended occupiers of the development of the introduction of residential use in the area and how these will be mitigated

N/A

If the proposal involves the loss of services provided by a registered nursery, or a health centre. Please provide details of the impacts on the local provision of the type of services lost and how these will be mitigated

N/A

List of flats and other premises in the existing building
