Description

The ultimate secure cycle shelter. The BDS Centurion Shelter is all steel for the areas that need an extra tough bicycle storage bunker. A mild steel cycle shelter with bolt-down fixing. Shelter is available in a galvanised or polyester powder coated RAL code colour finish or both. Comes with optional cycle parking, galvanised bike stands.

Specification

Includes optional galvanised bike stands for cycle parking
Includes assembly bolts, expanding foundation bolts for concrete plinth and arrangement drawing for assembly

Steel mesh sides

Corrugated steel roof

No crawl under perimeter

Complies with secure storage as required by the Code for Sustainable Homes

50mm steel box tube

Hot dipped galvanised or polyester powder coated to BS EN ISO 1461:1999 standard finish. Or both.

Shelter comes with adjustable overground or underground fixing feet

Built-in solar LED lighting (optional) - for added security and a feeling of safety, the solar panelled built-in LED light is a simple way to help cyclists feel at ease during the dark winter months.

Gate closing gas strut (optional) - this ensures gates are securely closed behind cyclists as they enter and exit the enclosure.

This bike shelter can help contribute towards gaining ENEC Cycle storage credits when used in the appropriate situation, under the Code for Sustainable Homes.
