Subject: RE: HGN13147 - Heathrow

Classification: Public

Hi Ryan,

We have now assessed the above application against safeguarding criteria and can confirm that we have no safeguarding objections to the proposed development.

However, we would like to make the following observation:

Cranes

Given the nature of the proposed development it is possible that a crane may be required during its construction. We would, therefore, draw the applicant's attention to the requirement within the British Standard Code of Practice for the safe use of Cranes, for crane operators to consult the aerodrome before erecting a crane in close proximity to an aerodrome. This is explained further in Advice Note 4, 'Cranes and Other Construction Issues' (available at <http://www.aoa.org.uk/policy-campaigns/operations-safety/>)

Regards

Dear Sir/Madam,

Please find attached drawings of a proposed base station upgrade which is within the range 3km of Heathrow Airport. Please do not hesitate to contact me if you require any further information.

Kind Regards,

Ryan Marshall
