Christopher,

Please find attached the photos of the site taken now and let me know if you need anything else.

Thanks
Ashok

Thank you

Could you also send me any photos you have of the site. No work should start on any part of the development until consent is granted.

Chris

Hi Christopher,

Apologies for the confusion. Please find attached the Site plan document pdf.

As I submitted my application on 29th April and my Architect let me down, I was in the middle of chaos between builders and other things

Could you please verify this and let me know if it satisfies your validation requirements?

Also, do you recommend I can start any part of the work under permitted development or I would need to wait until the approval process is complete?

Thanks

Ashok

Still some confusion here, the initial site plan you sent me was the correct plan that was needed to be able to assess the application but as it was an image of the plan rather than the actual PDF plan it can't be measured to scale which is required. You are required to submit a site plan which accurately shows the location of the outbuilding drawn to scale in line with the Councils Validation Checklist.

Once I receive this I will validate the application. Also I have received a message from the contact centre this morning asking me to call you with an update on the likely recommendation. Given that this outbuilding application is invalid and you submitted the site plan to me yesterday (Sunday) there needs to be a degree of patience here as we have at least a 3 week consultation period to undertake once the application is valid, before we can give an indication of the likely recommendation.

Chris

Sorry Christopher. Please find attached the location plan and Outbuilding proposed plan.

Please let me know if it satisfies your requirements. Or you need a pdf version of the location plan.

Thanks

Ashok

Christopher,

Thanks for the mail. Please find attached the proposed plan of the outbuilding and also the location plan.

Please let me know if this is what you are looking for..

Thanks

Ashok

Thanks for this but this is an image of the actual plan and therefore cannot be measured to scale. You will need to either send us the proposed plan and we can scan on the planning register ourselves or ask whoever compiled the plan to send us the PDF copy.

Just so you aware, these are basic plans needed to assess the application and without them it won't be validated. Had whoever submitted the application provided us with what is needed to assess the application then you wouldn't of had a month delay.

Regards

Chris

Subject: [37 HAYES END DRIVE UB48HD](#)

Hi Chris,

Application reference

PP-09790592v1

PP-09790454v1

Please find attached the Site plan of [37 HAYES END DRIVE UB48HD](#) with the location plan of the outbuilding.

Please do expedite the validation process for me and let me know if you have any questions.

It's nearing a month for me to check the Application online, and also trying not to delay the planning process anymore

As requested in my previous email, please do contact me at ashokprithvi.sap@gmail.com or my number 07835152222 for any communication.

Thanks

Ashok
