Details of the pre-application advice received

An application was submitted previously for the same site, regarding a hip to gable and rear dormer loft conversion and ground floor 6 meter rear extension. The planning officer for the application was Hardev, who refused the application based on the proposed loft not complying with Hillingdon's planning policies, even though it was compatible with permitted development policies. After the refusal, I spoke to Hardev who explained that the proposed rear extension was fine and did not have any concerns or issues and if we wanted to achieve the 2 extensions, loft and rear extension, it would have to be done at two separate stages. The proposed ground floor extension first and then once approved apply for the proposed loft conversion through permitted development. So I am submitting the application for the ground floor rear extension only, as advised by Hardev.

☐ Yes ☒ No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
