Dear Johann

I am happy that these plans are correctly marked up and the site will achieve SBD Gold if this is followed.

Hi Ed

Hope you are well. In relation to Avondale Drive Estate redevelopment – I am happy for a partial discharge of the SBD condition – in relation to the pre commencement of work aspect of Phase 1a.

Kind Regards

Rob

Subject: RE: Avondale Drive Estate Phase 1A - Secured by Design Application for GOLD accreditation

Hi Rob,

Again, thanks for the quick response.

The key notes will be updated as per your previous e-mail.

Regarding the notes about the cycle stores, please note these are private and external to the building. These cycle stores have not been specified yet let alone confirmed the material made (timber / metal frame, GRP, etc.). We can add a note stating that 'a secured rated door with certified locker will be specified in the future stages of the project' would be sufficient at this stage for your approval in principle to discharge the planning condition? Otherwise, please advise.

I will also inform the client about the requirements of the residential lobby's internal door to also be PAS 24/2016 or PAS 24/2022.

Kind regards,

Hi Johann

All appears very close to agreeable.

Two points

One the key – thankfully you used the same colour scheme as Hayes Town – please amend with the notes as per previous email.

Two – as below – two minor correction on ground floor.

Again, please amend, get over to me and I will happily agree and send to planning for discharge.

Have a good weekend

Rob

As previously discussed, could you kindly review and provide an agreement in principle so then we can discharge the Planning Condition 30 (Planning Approval document also attached for reference).

Due to the tight timeline of the project to start works on-site, we would appreciate if this agreement could be issued promptly.

Feel free to contact me if required.

Kind regards,
