## Eligibility

Permitted development rights are subject to conditions set by legislation to ensure that only appropriate proposals are eligible.

The need to apply to the Local Planning Authority to see if prior approval is required is one such condition.

The questions below will help determine if the proposals are eligible for this permitted development right.

### The current building and site

Was the building to be demolished constructed after 31 December 1989?

- ☐ Yes  
☒ No

Does the footprint of the building to be demolished (the total area of ground covered by it) exceed 1000 square metres?

- ☐ Yes  
☒ No

Does the height of the building to be demolished exceed 18 metres at any point (measured at the highest part of the roof excluding plant, masts or antennae)?

- ☐ Yes  
☒ No

Has the building to be demolished been vacant for at least six months immediately prior to the submission of this application?

- ☒ Yes  
☐ No

If the building to be demolished has been rendered unsafe or otherwise uninhabitable by the action or inaction of any person having an interest in the land on which it stands, is it practicable to secure safety or health by works of repair or works for affording temporary support?

- ☐ Yes  
☒ No / The building has not been rendered as such

Note that in this context, keeping the building vacant does not of itself count as action or inaction.

Would demolition of the building be considered 'relevant demolition' under Section 196D of the Town and Country Planning Act 1990 (as amended)?

- ☐ Yes  
☒ No

'Relevant demolition' means demolition of a building that is situated in a conservation area. There are some exceptions to this, but if the building is situated in a conservation area, you should contact your Local Authority to seek advice on the best course of action.

Is any part of the land covered by or within the curtilage of the building to be demolished:

- in a conservation area;
- in an area of outstanding natural beauty;
- in an area specified by the Secretary of State for the purposes of enhancement and protection of the natural beauty and amenity of the countryside;
- in the Broads;
- in a National Park;
- in a World Heritage Site;
- in a site of special scientific interest;
- a listed building or land within its curtilage;
- a scheduled monument or land within its curtilage;
- a safety hazard area;
- a military explosives storage area; or
- within 3 kilometres of the perimeter of an aerodrome

- ☐ Yes  
☒ No

### The proposed development

Would any of the footprint of the proposed building (the total area of ground covered by it) exceed the footprint of the building to be demolished?

- ☐ Yes  
☒ No

Would any part of the exterior wall of the proposed building nearest to a highway be nearer to the highway than the part nearest the highway of the exterior wall nearest the highway of the building to be demolished?

- ☐ Yes  
☒ No

Would the height (above ground level) of the proposed building at any point (not including plant, radio masts and antennae) exceed:

- 7 metres above the height (not including plant, radio masts and antennae) of building to be demolished; or
- 18 metres

- ☐ Yes  
☒ No

Would the proposed building have 3 or more storeys than the building to be demolished?

- ☐ Yes  
☒ No

Where the proposed building will have more storeys than the building to be demolished, would the floor to ceiling height of any proposed additional storey, measured internally at any point, exceed:

- 3 metres; or
- the floor to ceiling height, measured internally, of any existing storey in the building to be demolished

- ☐ Yes  
☒ No / The replacement building will not have more storeys

Would any plant installed on the roof of the proposed building be greater in height than any installed plant on the roof of the building to be demolished (as measured from the lowest surface of the roof on the principal part of the building)?

- ☐ Yes  
☒ No

Will all the proposed new dwellinghouses have gross internal floor areas of at least 37 square metres, and comply with the [nationally described space standard](#)?

- ☒ Yes  
☐ No

Following the development, will every dwellinghouse in the building remain in use within Use Class C3 and for no other purpose, unless that purpose is ancillary to the primary use as a dwellinghouse?

☒ Yes

☐ No

## Agricultural tenants

To be eligible for this permitted development right, all parties to any agricultural tenancy agreements that are currently in place need to provide consent.

This is to help ensure that agricultural tenants are not displaced to allow a change of use to be carried out.

Is any part of the land covered by or within the curtilage of the building to be demolished occupied under any agricultural tenancy agreements?

☐ Yes

☒ No

## Description of Proposed Works, Impacts and Risks

### The proposed replacement building

Please provide details of the building to be demolished, including:

- the method of demolition;
- operations involving any works for the removal of plant, the disconnection of services, the removal of any means of access and egress, and the removal of storage and waste.

Demolition to be carried out by demolition contractor. Details can be secured via condition

See supporting planning statement and design statement

Please provide details of any contamination risks and how these will be mitigated

See supporting planning statement and design statement

Please provide details of any flooding risks and how these will be mitigated.

No Flood risk - see supporting planning statement and design statement

A flood risk assessment should accompany the application where the site:

- is in Flood Zones 2 or 3; or
- is in an area with critical drainage problems (such areas will have been notified to the Local Planning Authority by the Environment Agency).

[Check if your site location is in Flood Zone 2 or 3 online](#)

Check with your Local Planning Authority to see if your site is in an area with critical drainage problems.

Please provide details on the heritage and archaeological considerations of the development including the impacts on heritage and archaeology and how these will be mitigated

See supporting planning statement and design statement

Please provide details of the impacts on the amenity of the proposed building and neighbouring premises including overlooking, privacy and light and how these will be mitigated

See supporting planning statement, design statement and daylight assessment

Please provide details of the impacts of noise from any commercial premises on the intended occupiers of the new dwellinghouses and how these will be mitigated

See supporting planning statement and design statement

Please provide details of the impacts of the introduction of, or an increase in, a residential use in the area on business and new residents, and how these will be mitigated:

See supporting planning statement and design statement

If the replacement building will occupy airspace that the building to be demolished did not (including plant, radio masts and antennae), please provide details of any air traffic and defence asset impacts and how these will be mitigated

See supporting planning statement and design statement

If the replacement building will occupy airspace that the building to be demolished did not (including plant, radio masts and antennae), and where relevant (due to the siting of the replacement building), please provide details of the impact on any protected view.

See supporting planning statement and design statement

These are identified in the Directions Relating to Protected Vistas dated 15 March 2012 issued by the Secretary of State.
