

[illegible]

The diagram shows a 4x3 grid of panels. The top two rows are yellow, and the bottom row is red. The middle row has a central window. The panels are labeled with symbols: '+' for yellow panels and '////' for red panels. The window is a square with a triangular cutout. Section lines A-A are indicated on the top and bottom edges.

Technical drawing of a building section showing a symmetrical layout. The drawing includes dimensions in meters (m) and feet (ft). Key rooms labeled include FM169, FM221, DF1408, DF1413, and DF1415. Structural elements like columns (6006, 6008) and beams (6617, 6619) are shown. The drawing is divided into two main sections by a central vertical axis, with dimensions provided for both halves.
