

Dormer window — flat roof

Height (metres)

Depth (metres)

Length (metres)

Total Volume:

16.96

Calculate Volume

Reset

Volume of hip to gable

$$\frac{1}{3} (7.0 \times 2.751 / 2) \times 3.7 = 11.6$$

$$11.6 + 16.96 = 28.56 \text{ m}^3$$
