TREE PROTECTION

New walls
 Walls to be demolished
 Proposed new work

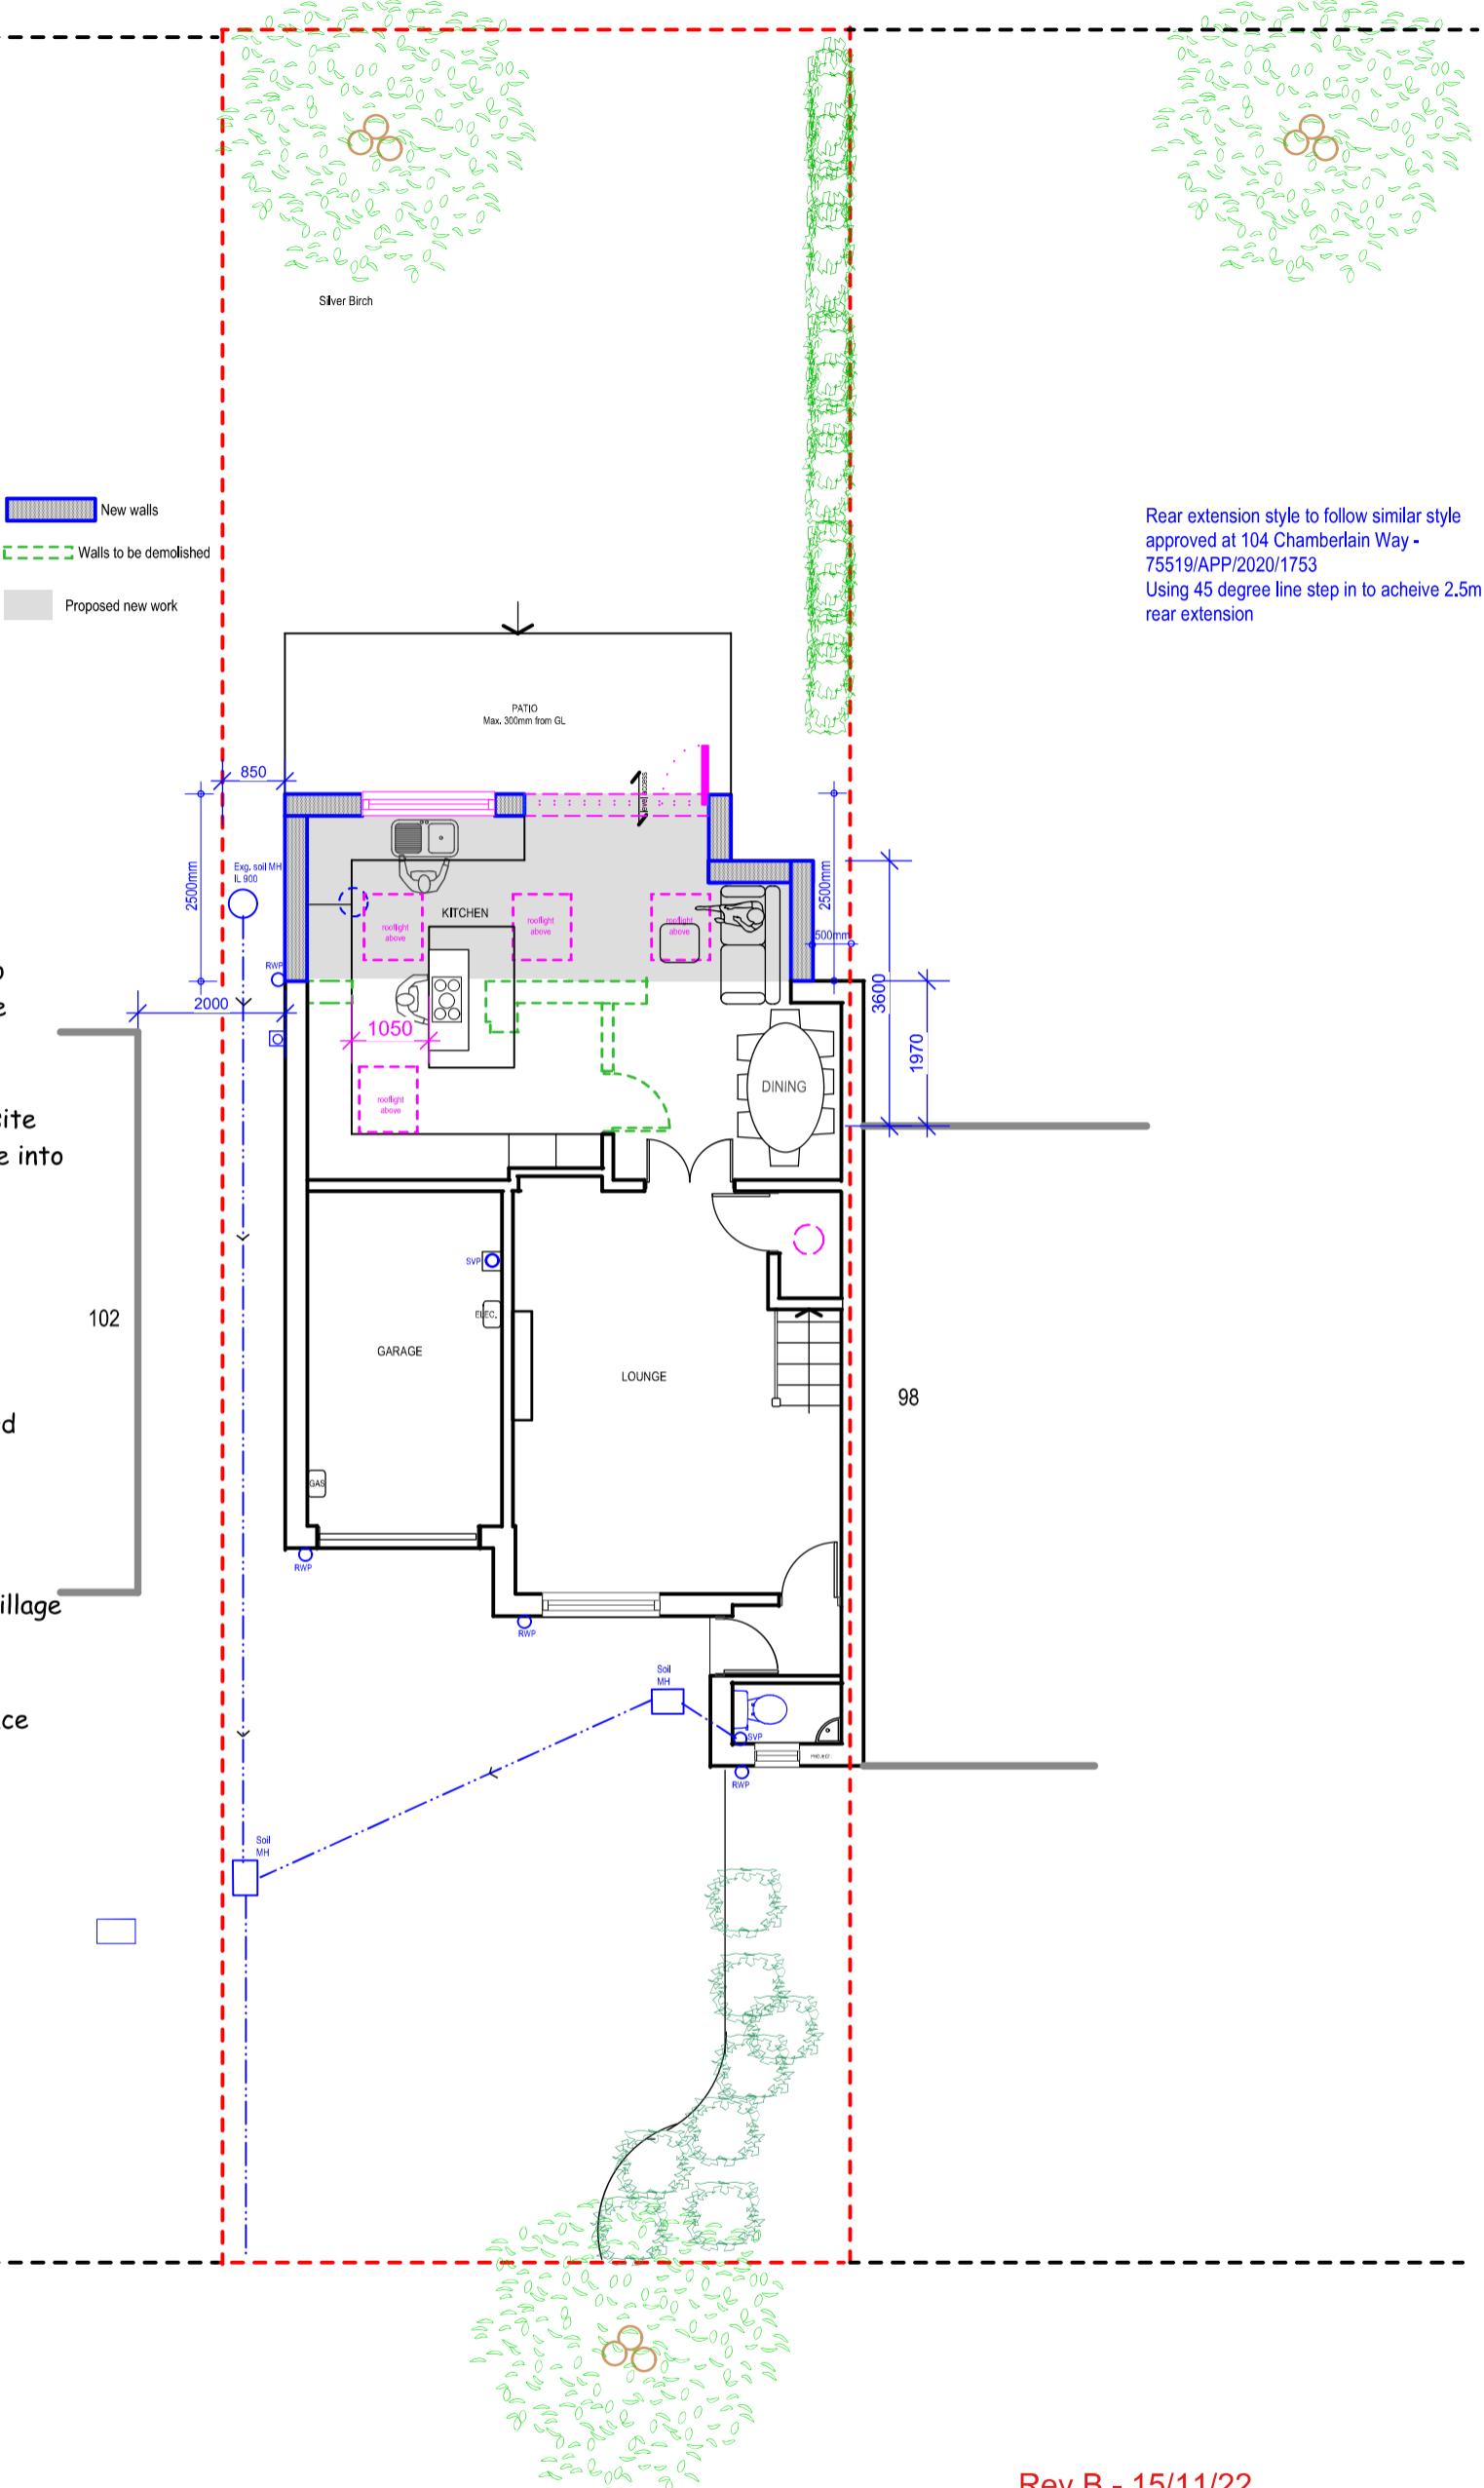

Rear extension style to follow similar style approved at 104 Chamberlain Way - 75519/APP/2020/1753
Using 45 degree line step in to achieve 2.5m rear extension

TREE PROTECTION

- The slope of ground should be taken into account so no material runs towards tree
- Notice boards, cables or other services should not be attached to tree
- Care should be taken when planning site to ensure wide or tall loads do not come into contact with retained tree

TREE PROTECTION

- 2m high Heras fencing to be provided around tree and must be in place until all construction and hard surfacing is complete
- No work to take place within fenced off area
- Materials must be stored on existing hard surface and provision for spillage must be made
- Cement/concrete mixing must take place over a suitable hard surface away from treezone

Rev B - 15/11/22
Rear extension revised

Rev A - 18/08/22
Tree protection added

Purpose - Householder planning application only
