Details of the pre-application advice received

Prior to the submission of a formal application, the applicant initiates pre-consultation discussions with the local planning authority. This provides an opportunity for the LPA to discuss development proposals and identify site specific issues.

Pre-application consultation letters and drawings of the proposal were sent to the LPA on 3rd March 2023.

Unfortunately, due to the time pressures associated with the project roll out it is necessary to proceed to the formal planning application before the official period for receiving pre-application comments has ended. However, any pre-application consultation comments received by the Agent will be passed on to the LPA for their consideration during the assessment and determination of the formal application.

The applicant is keen to work with the LPA and local community to ensure the proposal is 'right first time' to secure funding for the critical network infrastructure. If the proposal cannot progress this area will be left without sufficient mobile phone coverage and capacity and will not benefit from the most up to date technologies available.

Declaration

I / We hereby apply for Prior Approval: Development for electronic communications network as described in this form and accompanying plans/drawings and additional information. I / We confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine options of the persons giving them. I / We also accept that: Once submitted, this information will be transmitted to the Local Planning Authority and, once validated by them, be made available as part of a public register and on the authority's website; our system will automatically generate and send you emails in regard to the submission of this application.

☒ I / We agree to the outlined declaration
