Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

Yes

No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

Erection of single storey outbuilding to rear garden (Application for a Certificate of Lawful Development for a Proposed Development)

Does the proposal consist of, or include, a change of use of the land or building(s)?

Yes

No

Has the proposal been started?

Yes

No

Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

The application site forms part of the residential curtilage of the property and has been in continuous use as private garden land associated with the dwellinghouse. No change of use has occurred, and the land has historically functioned as domestic garden space incidental to the enjoyment of the main dwelling.

There are no enforcement notices, planning breaches, or unauthorised operational developments affecting this part of the land. Accordingly, the existing lawful use of the land is Class C3 residential, and the proposed outbuilding would be situated entirely within the established curtilage of the dwellinghouse.

On this basis, the land is lawful in planning terms and suitable for the erection of incidental outbuildings under the General Permitted Development Order (GPDO).

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Please see attached drawings

Information about the proposed use(s)

C3 - Dwellinghouses

Is the proposed operation or use

- Permanent
 Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The proposed outbuilding meets all the criteria set out under Schedule 2, Part 1, Class E of the Town and Country Planning (General Permitted Development) (England) Order. In particular:

- The outbuilding is to be used for purposes incidental to the enjoyment of the dwellinghouse.
- The structure will be constructed from exposed brickwork with a GRP flat roof, with a maximum height not exceeding 2.5 metres, thereby complying with the height limitations for buildings situated within 2 metres of a boundary.
- The proposal does not extend beyond a principal elevation and does not cover more than 50% of the curtilage.
- The outbuilding does not include sleeping accommodation or any features excluded under Class E.
- All other applicable criteria of the GPDO are satisfied.

As the proposal fully accords with the limitations and conditions of Class E permitted development, it constitutes development permitted by the GPDO and therefore does not require express planning permission.

Accordingly, a Lawful Development Certificate (Proposed) should be granted.
