As permitted development rights for extensions have been removed for that development planning permission will be required for the extension highlighted I am afraid.

You are allowed to cover over holes in your back garden with marine ply (or similar) and we will deal with the application as soon as possible.

27/02/2024 at 11:48

Unlikely that we will approve a non-Material Amendment Application where the extension is getting bigger.

With respect to the Authority, is the applicant and/or agent one of the following:

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Amendments Summary

1.Resubmit all plans in PDF format.

2. Proposal for Erection of a single store extension to the side and rear.

I got planning permission on 24 November 2023 for a small single story rear extension and garage conversion. The reference number is 78094/APP/2023/1696 . Now I wish to increase the area of the single story rear extension to the side of the garage.

The approved single storey rear extension is only 1.650 metres from the rear wall of the existing garage. The extension area is so small that it will deteriorate its uses. In addition to that, the extension project is very expensive and such a project would only be worthwhile if it added some more area as permitted by the regulations. Above all, this is the only way to improve the living condition of me and my family.

My proposal is to add the extra area within 3 meters from the existing main house back wall and 1.44 meters from the side wall of the garage.

This is to be in the area hatched on the Proposed Floor Plan at 4.5 m x 3.0 m.
