

## Appendix 1.1: ES Assessor Information

---

The ES has been prepared under the Town and Country Planning (Environmental Impact Assessment) Regulations 2017 ('the EIA Regulations'). EIA Regulation 5.(b) requires that an outline of relevant expertise or qualifications of contributors accompanies an assessment. The relevant information for the team is provided below for each of the ES chapters.

Role/Topic	Author	Qualifications	Profile
EIA management and co-ordination (Savills)	Charles McClea	BA (Hons); MA; MRTPI.	Charles is Savills UK EIA Technical Lead and has twelve years of planning experience with a particular specialism in the co-ordination of planning applications and Environmental Impact Assessment (EIA) related to strategic and high profile projects, including residential, commercial and minerals and waste development.
	Matt Lindon	BSc (Hons); MSc; PIEMA REnvP	Matt specialises in Environmental Impact Assessment (EIA). He is involved in the preparation of EIA Screening requests, Scoping Reports and Environmental Statements and assists with the co-ordination and management of the EIA process and consultant teams.
Air Quality	Jenny Carrington	MSc; Chartered Scientist (CSci); member of the Institute of Air Quality Management (IAQM); member of the Institution of Environmental Sciences (IES); affiliate member of the Chartered Institution of Building Services (CIBSE)	Jenny has nineteen years' experience working in the environmental sector for a range of both public and private clients. Since 2020 Jenny is an Associate Air Quality Consultant and has been working at Cundall since 2020. Cundall is a multi-disciplinary company of engineers and designers. Jenny is responsible for undertaking air quality assessments and is fully conversant with atmospheric dispersion modelling through the use of ADMS software as part of more detailed air quality assessments. She also has responsibility for managing air quality monitoring programs. She is experienced in producing air quality chapters for Environmental Statements for a range of different developments and has previously reviewed Environmental Statement's on behalf of Local Authorities.
	Annie Trevis	MChem; member of the Institute of Air Quality Management (IAQM); member of the Institution of Environmental Sciences (IES).	Annie is a Senior Consultant in Cundall's Air Quality Team. She has 6 years' experience working in Air Quality and has previously worked in one other private consultancy. She is experienced in undertaking air quality assessments for a range of developments in numerous sectors, including air quality chapters for Environmental Impact Assessments. She is also fully conversant with atmospheric
