Description of the Proposal

Please provide a description of the approved development as shown on the decision letter

Has the development already started?

☐ Yes

☒ No

Condition(s) - Variation/Removal

Please state why you wish the condition(s) to be removed or changed

Since approval the sub-station to the rear of the property is no longer in use. The applicant therefore wishes to demolish this structure and include the small area of land in the amenity space to one of the ground floor units. As a consequence the ginnel that was providing access to the sub-station can be included in the internal floorspace of the same ground floor unit. The front landscaping can also be rationalised.

The proposals create no additional massing, increase both internal floor space and external amenity, and improve the external appearance.

If you wish the existing condition to be changed, please state how you wish the condition to be varied

We request that the list of approved drawings be replaced with the enclosed.
