

The diagram shows a building layout with the following components:

- Central Vertical Corridor:** A narrow vertical passage running through the center. At the top, there is a small circle. It is flanked by rooms labeled "Fall" with arrows pointing left and right.
- Left Horizontal Corridor:** A horizontal passage on the left side, branching off the central corridor. It contains two rooms labeled "Fall" with arrows pointing up and down.
- Rooms:** Several rectangular rooms are shown, each labeled "Fall" with an arrow indicating a direction (left, right, up, or down). These rooms are located in the upper and lower sections of the building.
- Grid Pattern:** The entire diagram is filled with a dense, repeating grid pattern of small squares.

A diagram of a double-headed arrow pointing left and right. The left half of the arrow is labeled "Fall" with an upward-pointing arrow above it. The right half of the arrow is labeled "Fall" with a downward-pointing arrow below it.

Contractor to check site thoroughly, verify dimensions before any work and report any discrepancies.
