4. Local Plan Designation and London Plan

The following Local Plan Policies are considered relevant to the application:-

Part 1 Policies:

PT1.BE1 (2012) Built Environment

Part 2 Policies:

DMHB 11 Design of New Development

DMHB 12 Streets and Public Realm

DMHB 18 Private Outdoor Amenity Space

DMHD 2 Outbuildings

DMEI 9 Management of Flood Risk

5. MAIN PLANNING ISSUES

The main considerations are the design and impact on the character of the existing property, the impact upon the streetscene and locality the impact upon the amenities of adjoining occupiers, the reduction in size of the rear garden, and car parking provision.

Character and Appearance:

The Hillingdon Local Plan: Part One Strategic Policy BE1 seeks a quality of design in all new development that enhances and contributes to the area in terms of form, scale and materials; is

appropriate to the identity and context of the townscape; and would improve the quality of the public realm and respect local character.

Policy DMHB 11 of the Hillingdon Local Plan: Part Two - Development Management Policies (2020) advises that all development will be required to be designed to the highest standards and incorporate principles of good design. It should take into account aspects including the scale of the development considering the height, mass and bulk of adjacent structures; building plot sizes and established street patterns; building lines and streetscape rhythm and landscaping. It should also not have an adversary impact on the amenity, daylight and sunlight of adjacent properties and open space.

Policy DMHB 12 of the Hillingdon Local Plan: Part Two - Development Management Policies (2020) states that development should be well integrated with the surrounding area and accessible.

Policy DMHD 2 of the Hillingdon Local Plan: Part Two - Development Management Policies (2020) states that the Council will require residential outbuildings to meet the following criteria:

- i) the building must be constructed to a high standard of design without compromising the amenity of neighbouring occupiers;
- ii) the developed footprint of the proposed building must be proportionate to the footprint of the dwelling house and to the residential curtilage in which it stands and have regard to existing trees;
- iii) the use shall be for a purpose incidental to the enjoyment of the dwelling house and not capable for use as independent residential accommodation; and
- iv) primary living accommodation such as a bedroom, bathroom, or kitchen will not be permitted.

Paragraph A1.34 of the Hillingdon Local Plan: Part Two - Development Management Policies (2020) states that as a general guide, an outbuilding should be no greater than 30 square metres and should not significantly reduce private amenity space or the landscape and ecological value of the garden.

The locality of the site is of a suburban residential character comprising of mainly semi detached dwellings, with access and garages to the side and rear of the plots.

The proposed outbuilding would be located to the rear of the garden have a footprint of approx. 40sqm, be characterised with a dual pitched roof measuring a maximum of 3.45m with an eaves height of 2.45m. The proposed outbuilding would be larger than the prescribed footprint set out in paragraph A1.34 of the Hillingdon Local Plan: Part Two - Development Management Policies (2020), however given its size and scale, with its siting within the plot and the character of the surrounding area, it would retain a subordinate relationship to the host dwelling. The use of the building is stated as a parking space for a classic car and a home gym/household items/store/home working space. The use of the building would remain ancillary to the main dwelling.

Similar developments can be seen in the immediate surrounding area. No.77 has had a recent approval for a similar size and designed outbuilding under reference 59447/APP/2023/738. It is considered that the proposed development would not be out of character with the surrounding area, nor would it cause harm.

The proposal would comply with the overarching objectives of Policy BE1 of the Hillingdon Local Plan: Part One Strategic Policies (2012), Policy DMHB 11 and DMHD 2 of the Hillingdon Local Plan: Part Two - Development Management Policies (2020).

Residential Amenity:

Policy DMHB 11 of the Hillingdon Local Plan: Part Two - Development Management Policies (2020) seeks to ensure that development proposals do not adversely impact on the amenity, daylight and sunlight of adjacent properties and open space. Paragraph A1.34 of the Hillingdon Local Plan: Part Two - Development Management Policies (2020) states that "outbuildings should respect neighbouring properties and should not result in the excessive loss of residential amenity, privacy, outlook and overshadowing/sunlight."

The outbuilding would be located to the rear garden away from the rear elevations of the neighbouring properties. The side facing windows would be obscurely glazed to prevent any overlooking and it is not considered that the use of the outbuilding would cause any unacceptable level of noise and disturbance. Overall, it is not considered that the proposed outbuilding would harm the amenities of any neighbouring property, in accordance with Policies DMHB 11 and DMHD 2 of the Hillingdon Local Plan: Part Two - Development Management Policies (2020).

External Amenity Space Provision:

The proposed development would retain sufficient rear garden space. It is therefore considered that the proposal would not undermine the external amenity provision at the site, in compliance with Policy DMHD 1 of the Hillingdon Local Plan Part 2: Development Management Policies (2020).

Parking and Highway Safety:

The proposed outbuilding would include a parking space for a classic car. During the process of the application revised drawings were sought to increase the width of the parking space to 3.28m. It is not considered that the current parking provision for the dwelling would be affected.

Conclusion:

The application is therefore recommended for approval, subject to conditions.

6. RECOMMENDATION

APPROVAL subject to the following:

1. HO1 Time Limit

The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

REASON

To comply with Section 91 of the Town and Country Planning Act 1990.

2. HO2 Accordance with approved

The development hereby permitted shall not be carried out except in complete accordance with the details shown on drawings numbered:

3. You are advised this permission is based on the dimensions provided on the approved drawings as numbered above. The development hereby approved must be constructed precisely in accordance with the approved drawings. Any deviation from these drawings requires the written consent of the Local Planning Authority.
4. You are advised that if any part of the development hereby permitted encroaches by either its roof, walls, eaves, gutters, or foundations, then a new planning application will have to be submitted. The validity of this planning permission may be challengeable by third parties if the development results in any form of encroachment onto land outside the applicant's control that is considered to cause harm to local amenity.
5. Your attention is drawn to the need to comply with the relevant provisions of the Building Regulations, the Building Acts and other related legislation. These cover such works as - the

demolition of existing buildings, the erection of a new building or structure, the extension or alteration to a building, change of use of buildings, installation of services, underpinning works, and fire safety/means of escape works. Notice of intention to demolish existing buildings must be given to the Council's Building Control Service at least 6 weeks before work starts. A completed application form together with detailed plans must be submitted for approval before any building work is commenced. For further information and advice, contact - Building Control, 3N/01 Civic Centre, Uxbridge (Telephone 01895 558170).

6. You have been granted planning permission to build a residential extension. When undertaking demolition and/or building work, please be considerate to your neighbours and do not undertake work in the early morning or late at night or at any time on Sundays or Bank Holidays. Furthermore, please ensure that all vehicles associated with the construction of the development hereby approved are properly washed and cleaned to prevent the passage of mud and dirt onto the adjoining highway. You are advised that the Council does have formal powers to control noise and nuisance under The Control of Pollution Act 1974, the Clean Air Acts and other relevant legislation. For further information and advice, please contact - Environmental Protection Unit, 4W/04, Civic Centre, High Street, Uxbridge, UB8 1UW (Tel. 01895 250190).
7. The Party Wall Act 1996 requires a building owner to notify, and obtain formal agreement from, any adjoining owner, where the building owner proposes to:
 - carry out work to an existing party wall;
 - build on the boundary with a neighbouring property;
 - in some circumstances, carry out groundworks within 6 metres of an adjoining building.Notification and agreements under this Act are the responsibility of the building owner and are quite separate from Building Regulations, or Planning Controls. The Building Control Service will assume that an applicant has obtained any necessary agreements with the adjoining owner, and nothing said or implied by the Council should be taken as removing the necessity for the building owner to comply fully with the Party Wall Act. Further information and advice is to be found in "the Party Walls etc. Act 1996 - explanatory booklet" published by the ODPM.
8. Your attention is drawn to the fact that the planning permission does not override property rights and any ancient rights of light that may exist. This permission does not empower you to enter onto land not in your ownership without the specific consent of the owner. If you require further information or advice, you should consult a solicitor.
9. Nuisance from demolition and construction works is subject to control under The Control of Pollution Act 1974, the Clean Air Acts and other related legislation. In particular, you should ensure that the following are complied with: -
 - A) Demolition and construction works should only be carried out between the hours of 08.00 hours and 18.00 hours Monday to Friday and between the hours of 08.00 hours and 13.00 hours on Saturday. No works shall be carried out on Sundays Bank and Public Holidays.
 - B) All noise generated during such works should be controlled in compliance with British Standard Code of Practice BS 5228: 1984.
 - C) The elimination of the release of dust or odours that could create a public health nuisance.
 - D) No bonfires that create dark smoke or nuisance to local residents.

You are advised to consult the Council's Environmental Protection Unit, 3S/02, Civic Centre, High Street, Uxbridge, UB8 1UW (Tel.01895 277401) or to seek prior approval under Section 61 of the Control of Pollution Act if you anticipate any difficulty in carrying out construction other than within the normal working hours set out in (A) above, and by means that would minimise disturbance to adjoining premises.

10. You are advised that care should be taken during the building works hereby approved to avoid spillage of mud, soil or related building materials onto the pavement or public highway. You are further advised that failure to take appropriate steps to avoid spillage or adequately clear it away could result in action being taken under the Highways Act.
11. To promote the development of sustainable building design and construction methods, you are encouraged to investigate the use of renewable energy resources which do not produce any extra carbon dioxide (CO₂) emissions, including solar, geothermal and fuel cell systems, and use of high quality insulation.
12. You are advised that care should be taken during the building works hereby approved to ensure no damage occurs to the verge or footpaths during construction. Vehicles delivering materials to this development shall not override or cause damage to the public footway. Any damage will require to be made good to the satisfaction of the Council and at the applicant's expense. For further information and advice contact - Highways Maintenance Operations, Central Depot - Block K, Harlington Road Depot, 128 Harlington Road, Hillingdon, Middlesex, UB3 3EU (Tel: 01895 277524).
