Description of Proposed Works

Please describe the proposed works

Request to widen the existing vehicle crossover in view to enable access to 86 West End Road. An existing crossover is already in situ serving neighbouring properties. This application is to

- 1) leave the existing drop kerb in situ no amendment required- to minimise any environmental impact.
- 2) introduce a vehicle crossover for the above property utilising the existing crossover into number 84 west end road.
- 3) the proposal is for a 3 metre hardstanding area at the front of the property and to triangulate back to the existing hard standing and kerb. This proposal thus minimises the impact on the existing grass verge and ensuring the existing trees and plants are not impacted.
- 4) To replicate property 82 west end road.
- 5) As the property is on a classified road and a bend with 2 double yellow lines- we need to have this vehicle access to ensure safety for for Hillingdon residents.
