Description of Proposed Works

Please describe the proposed works

This application seeks approval for the conversion of the existing loft space into habitable accommodation. The proposal includes the construction of a rear dormer to create additional headroom and usable floor area, along with the installation of rooflights to the front roof slope for natural light and ventilation. The new loft space will accommodate one additional bedroom providing much-needed additional living space for the occupants without significantly altering the character or external appearance of the property. The dormer will be finished with materials to match or complement the existing roof and external finishes of the property. The overall design has been carefully considered to be in keeping with the character of the host building and surrounding properties. The proposed works will not result in any overbearing impact, loss of privacy, or visual intrusion to neighbouring properties. The total volume of the proposed roof extension is within the limits of permitted development i.e., not exceeding 40m³ for terraced houses and the ridge height will not be increased. The proposal has been designed to comply with relevant planning policies and guidance and is intended to deliver a high-quality, functional space while preserving the character and appearance of the area.

Biodiversity net gain

Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 sets out that every planning permission granted for the development of land in England shall be deemed to have been granted subject to the 'biodiversity gain condition' requiring development to achieve a net gain of 10% of biodiversity value.

This is subject to exemptions, an exemption applies in relation to planning permission for a development which is the subject of a householder application, within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order (2015)*.

Applicants for planning permission are required to make a statement as to whether they believe the biodiversity gain condition will apply if permission is granted, please confirm:

☒ It is my belief that if permission is granted for the development to which this application relates the biodiversity gain condition would not apply

*A 'householder application' means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
