

## **FIRE STRATEGY REPORT**

**SITE:** 52 LOTHIAN AVENUE, HAYES, UB4 0EQ

### **Proposal:**

Erection of single storey rear; part first floor rear extension; alteration of main roof profile from hip to gable end; rear roof extension; installation of two rooflights to front roofslope and internal alteration.

### **Introduction**

This Draft Fire Strategy Statement has been prepared on behalf of our client **MR. Ramhari & Anit Thapa** 52 Lothian Avenue, Hayes, UB4 0EQ, to support planning application for Erection of single storey rear; part first floor rear extension; alteration of main roof profile from hip to gable end; rear roof extension; installation of two rooflights to front roofslope and internal alteration. It is an indicative fire strategy, detailing how these main issues can be addressed.

The key measures are set out below.

### **Unobstructed outside space for fire appliances to be positioned on**

Sufficient unobstructed space is available outside the front and back of the building on Lothian Avenue.

### **Areas for use as an evacuation assembly point**

The front driveway and footpath to the front of building can be utilised as an evacuation assembly point.

### **Appropriate features which reduce the risk to life and the risk of serious injury in the event of a fire**

Measures will be incorporated into the scheme to reduce the risk to life and serious injury in the event of a fire including the inclusion of smoke alarms.

The building works will comply with appropriate building regulation standards.

### **Design measures that minimise the risk of fire spread**

The building will be designed to satisfy the contemporary version of the Building Regulations Part: B for fire safety. This will incorporate safe measures for fire detection, means of warning occupants, means of escape and means of control of a fire.
