existing out building attached to the house , was part of the house when we brought it 18 years ago , since we lived here , it had deteriorated , damp issues , leaking roof , falling apart , we took it down for safety , now want to replace it with updated regulations.

Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

We had an existing out building when we brought the property 18 year ago , we are looking to replace it with up to date materials regulation and will be smaller in size.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

We don't believe any planning permission is needed as we believe it falls under lawful development.
Original out building is marked on the deeds and we have photos of the original out building to back this up

Select the use class that relates to the existing or last use.

☒ Permanent

☐ Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

We had an existing out building when we brought the property 18 year ago , we are looking to replace it with up to date materials regulation and will be smaller in size.
we are not changing the use of the space , just replacing what we had , the proposed out building will be smaller size than the original room.
As we are replacing the excising and not starting a new separate one and given the dimensions we don't feel planning permission is required.
we are wanting a Lawful development certificate
