Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

Yes

No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

Works include the removal and erection of non-loadbearing internal partition walls to reconfigure the internal layout. No extensions are proposed and no alterations will be made to the external elevations, roof, or footprint of the building.

The property will remain as a single dwellinghouse (Use Class C3).

No external alterations are proposed and there will be no material change to the appearance of the building

Does the proposal consist of, or include, a change of use of the land or building(s)?

Yes

No

Has the proposal been started?

Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

The property is an existing self-contained residential flat forming part of a larger residential block. The existing lawful use of the property is as a single dwellinghouse (Use Class C3). The flat has been in continuous residential use and there is no history of alternative or unlawful use.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Existing and proposed floor plans, block plan, location plan and existing street elevation drawings.

Select the use class that relates to the existing or last use.

C3 - Dwellinghouses

C3 - Dwellinghouses

Is the proposed operation or use

Permanent

Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The proposal consists solely of internal alterations to reconfigure the layout of the existing self-contained residential flat. The works involve the removal and erection of internal partition walls only.

No external alterations are proposed and there will be no change to the building's external appearance, footprint, or access arrangements.

The property will remain a single self-contained dwelling within Use Class C3 and there is no material change of use.

As the works are limited to internal alterations only, planning permission is not required in accordance with Section 55 of the Town and Country Planning Act 1990 (as amended). The development is therefore lawful and a Certificate of Lawfulness is sought
