Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

- ☒ Yes
- ☐ No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

Replacement of existing garage door with PVCu window and access door.

Does the proposal consist of, or include, a change of use of the land or building(s)?

- ☐ Yes
- ☒ No

Has the proposal been started?

- ☐ Yes
- ☒ No

Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

The existing garage door is original to the dwelling and is located within an existing structural opening. The proposal is to replace the existing garage door with a PVCu window and door, using the same existing structural opening. There will be no enlargement or alteration to the size or position of the opening.

The proposed works are considered to constitute an alteration to the existing dwellinghouse and are permitted under the householders' permitted development rights contained within Schedule 2, Part 1 of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended).

The proposal does not involve an extension to the dwellinghouse or any enlargement of the existing opening. Accordingly, subject to the applicable limitations and conditions of the Order, we consider that the proposed works would be lawful and would not require express planning permission.

We therefore request that a Lawful Development Certificate is issued confirming that the proposed works are lawful for planning purposes.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Select the use class that relates to the existing or last use.

Is the proposed operation or use

- ☒ Permanent
☐ Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

A Lawful Development Certificate should be granted because the proposed works constitute permitted development under Schedule 2, Part 1 of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended).

The proposal involves only the replacement of the existing original garage door with a PVCu window and door within the same existing structural opening. There will be no enlargement of the opening and no extension or increase in the footprint or volume of the dwelling.

Accordingly, the proposed works fall within the permitted development rights applicable to the dwelling and do not require express planning permission. We therefore consider, on the balance of probabilities, that the proposed development would be lawful and that a Lawful Development Certificate should be granted.
