

1. All drawings are to be read in conjunction with all relevant Specifications, Bills of Quantities, Architectural, Services and Engineering drawings.
2. Any discrepancies between these documents shall be brought to the attention of the Engineer.
3. All dimensions are in millimetres, unless noted otherwise.
4. All levels are in metres related to Ordnance Datum.
5. Drawings are not to be scaled.
6. All layouts have been provided by the Client.
7. All levels and dimensions to be confirmed by Contractor on site.
8. Temporary propping to existing structure to Contractors details.

Please note that the issue of CAD files is done upon request, to assist co-ordination only. Use of written dimensions and levels is permitted, but all other dimensions extracted from the digital content are not to be relied upon. The setting out and dimensions of any existing structural elements shown in the digital drawings / model are based on collated archival information, measured surveys and site investigations as available, and if there is any reasonable doubt in relation to which this affects costs or final construction details the contractor should undertake relevant surveys to confirm / verify the information, and any changes discovered should be notified to the engineer.
