Dear Nicola

Many thanks for your mail with the drainage officer comments.

Please find enclosed revised drawing and my response to the drainage officer comments.

- Drawing revised to show front driveway to have permeable paving's
- Rainwater barrels are proposed at the front and the rear to reuse rainwater. Over flow pipe is connected to the barrel with outlet on the soft landscape area
- Rainwater will be collected in the barrels and the water would be utilised for watering plants, grass, washing bin area etc.
- Due to the scale of the site, it will be managed by the client. There is no mechanical system proposed for the site where maintenance agreement is required.

I hope that i have responded to all of your queries should you require any further information in this regards, please do not hesitate to contact us.

Regards

Akmal Muhammad

Dear Nicola

Thanks for your mail.

I have already send this to you couple of times.

Can you please give me call, if you still couldn't receive it
