Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

- ☒ Yes
- ☐ No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

Extend existing kitchen into part of the existing garage.

The original attached side elevation garage was (some years ago - date unknown) demolished and a new garage constructed running virtually the full depth of the house. Above the garage a 1st floor bedroom was also constructed this running approximately to half the depth of the house. The applicant now wants to extend into the garage to extend his kitchen.

The work will involve raising the existing garage flat roof to a height so ceiling levels in the new space are equal to those in the existing house. Existing foul and surface water drains will be utilized in this development but essentially the underground drainage will be unaffected.

Does the proposal consist of, or include, a change of use of the land or building(s)?

- ☐ Yes
- ☒ No

Has the proposal been started?

- ☐ Yes
- ☒ No

Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

The existing use is domestic, the proposed alterations remain domestic

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Select the use class that relates to the existing or last use.

C3 - Dwellinghouses

Please note that following changes to Use Classes on 1 September 2020: The list includes the now revoked Use Classes A1-5, B1, and D1-2 that should not be used in most cases. Also, the list does not include the newly introduced Use Classes E and F1-2. To provide details in relation to these or any 'Sui Generis' use, select 'Other' and specify the use where prompted. See help for more details on Use Classes.

Is the proposed operation or use

☒ Permanent

☐ Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

Earlier advice from a consultation with the Hillingdon Local authority duty planner would indicate that planning permission would not be required.

There is no extension to the existing footprint of the building. The only expansion of volume would be to raise the roof of part of the existing garage where it will become the extended kitchen. This raising of the roof does not exceed 4.0 from outside ground level.

If you are merging it with the existing single storey rear extension I can confirm that that will require planning permission but if it is only to the side of the house no planning permission will be required providing the eaves don't exceed 3m, the overall height doesn't exceed 4m and it is constructed out of materials similar to the existing house.

Please note that the comments made in this email represent officer opinion and cannot be seen to prejudice the Local Planning Authority's formal determination in relation to any application or planning matter.

NOTE - We are not merging with the existing single storey extension
