Description of Proposed Works

Please describe the proposed works

Planning permission is sought (because the property is in a conservation area) to install external wall insulation (EWI), using 120mm mineral wool insulation on the KLEIB 'W' system:

- in order to improve the energy efficiency of the property.
- to increase the feasibility of adopting a lower-energy heating system at some point in the future,
- to assist Hillingdon Council in meeting its stated climate and housing decarbonisation strategies.

The intention is to preserve the visual appearance of the property to the greatest possible extent, for example

- by close colour matching of the new finish render to the existing render,
- by adopting a brick-slip finish to the EWI in those areas of the front and rear elevations that currently have exposed brickwork below waist height.

(Note that the eastern side elevation also has exposed brickwork below waist height, but this is completely invisible from the front or the rear of the property, and it is not proposed to provide brick slips here.)

In addition to the external wall insulation, it is proposed to carry out internal insulation improvements that do not require planning permission, such as improvements to the loft insulation.

Has the work already been started without consent?

Biodiversity net gain

Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 sets out that every planning permission granted for the development of land in England shall be deemed to have been granted subject to the 'biodiversity gain condition' requiring development to achieve a net gain of 10% of biodiversity value.

This is subject to exemptions, an exemption applies in relation to planning permission for a development which is the subject of a householder application, within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order (2015)*.

Applicants for planning permission are required to make a statement as to whether they believe the biodiversity gain condition will apply if permission is granted, please confirm:

It is my belief that if permission is granted for the development to which this application relates the biodiversity gain condition would not apply

*A 'householder application' means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.

Date (must be pre-application submission)

06/06/2024

This was a free telephone consultation, for which I submitted on 06/06/2024 a summary of what was intended. Some time later (date not recorded) I received a phone call with no prior warning, when I was not in a position to properly record any notes of the conversation. Details the advice given are therefore somewhat sketchy! Alas, it did not answer some of the questions I had posed, and (to be frank) it was of limited usefulness. It would have been more helpful if the date and time the conversation could have been planned, so that I could have been better prepared for it.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- Yes
- No

Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?

- Yes
- No

Is any of the land to which the application relates part of an Agricultural Holding?

- Yes
- No

Certificate Of Ownership - Certificate A

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**

* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.

** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.

NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.
