

### North elevation (Rear)

### South elevation (Front)

An architectural elevation drawing of a two-story house. The main structure features a gabled roof with a central chimney. The entrance is located on the left side of the first floor, with a small porch. The second floor has three windows. To the right, there is a lower, single-story extension. The drawing uses simple lines to represent the building's form and features.

### East elevation (RHS)

A line drawing of a two-story house. The house features a gabled roof with a small chimney on the left side. A dormer window is positioned on the right side of the roof. The first floor has a row of four windows and a central entrance. The second floor has two windows on the right side.

### West elevation (LHS)

The floor plan illustrates a house with a main block and an attached extension. The main block includes a Sitting Room, Dining Room, Galley Kitchen, Utility Room, WC, and a Study. The extension, accessible via a central entrance hall, contains a Boot Room, a Garage, and a Potting shed. The plan also shows a central staircase and various doors and windows throughout the property.

## Ground floor plan

The floor plan illustrates a house layout with the following rooms and features:

- Master Bedroom
- Front Bedroom
- Dressing Room
- Ensuite
- Rear Bedroom
- Landing
- Side Bedroom
- Shower room
- Upstairs study

The plan shows a central landing with a staircase leading down. The Master Bedroom is on the left, connected to a Dressing Room and an Ensuite. The Front Bedroom is at the bottom, connected to a Shower room and an Upstairs study. The Rear Bedroom is located to the right of the central landing. A staircase leads down from the Landing. The Side Bedroom is located to the right of the Landing. The Shower room is located to the right of the Front Bedroom.
