

A detailed floor plan of a house. The layout includes a central 'Lift' with stairs leading up and down. Surrounding the lift are the 'Entrance hall', 'Lounge', 'Dining', 'Kitchen', 'Bedroom', 'Bathroom' (labeled 'En-suite'), 'WC', 'Coats', and 'Utility'. The plan is furnished with various items: a sofa and armchairs in the lounge; a dining table and chairs; a kitchen with a sink, stove, and refrigerator; a bed in the bedroom; a bathtub in the en-suite; and a toilet in the WC. Green arrows indicate a path starting from the entrance hall, going to the lounge, then to the dining area, kitchen, utility, WC, en-suite, and finally to the bedroom. Blue arrows indicate the location of windows in each room.

The floor plan illustrates a symmetrical four-unit residential building. At the top, there are two 'Private Balcony' areas. Below them are two 'Lounge & Dining area' spaces, each with a 'Kitchen' to its right. The central part of the plan features a 'Lift' and a 'First floor lobby' with stairs leading up and down. This central area is flanked by 'Halls' and 'Unlty' (utility) rooms. Each unit also includes a 'Bathroom', an 'En-suite', and a 'Bedroom'. Green arrows show the circulation paths throughout the building.

The floor plan illustrates a symmetrical, two-story residence. The central core features a lower ground lobby with a lift and stairs leading up and down. The main floor is divided into two symmetrical halves by a central hallway. Each half contains a lounge, dining area, kitchen, and bedroom. There are also private patios, dressing areas, en-suites, and utility rooms. The plan is color-coded: green for circulation (hallways, stairs, lifts), orange for living areas (lounges, dining, kitchens), and blue for bedrooms and bathrooms. The overall layout is rectangular with a central vertical axis of symmetry.
